

## Working to Keep East St. Louis Clean

South End Neighborhood Development Organization (SENDO) is working to end dumping in our neighborhood!

### Dumping ...

- ~~✂~~ Is illegal and dangerous.
- ~~✂~~ Is a health hazard that breeds disease-carrying mosquitoes and rodents.
- ~~✂~~ Pollutes our parks and water.
- ~~✂~~ Lowers the property values in our neighborhood.
- ~~✂~~ Looks bad and is not acceptable!

We don't want dumping near our homes anymore!

SENDO has worked on cleaning up land in the South End neighborhood. Now we want to make sure these places stay clean. The next step is to put up signs warning dumpers that dumping is illegal and will not be tolerated. In order to make this project successful, *your neighborhood needs your help!*

Did you know that the fine for illegal dumping is **\$500?**

### Simple things you can do to stop dumping:

- ~~✂~~ Keep your eyes open
- ~~✂~~ Record license plates
- ~~✂~~ ***Call the police at 482-6767***

### How to get Involved:

- ~~✂~~ Don't dump your trash
- ~~✂~~ Clean up areas near you
- ~~✂~~ Request a "No Dumping" sign for your area
- ~~✂~~ We need your input, attend SENDO meetings!

### SENDO contact information:

Fern Watts: 271-3392

Meetings are on the 1<sup>st</sup> Wednesday of each month at the True-light Baptist Church (1535 Tudor Ave.) 5:30 PM
